CIVIL DEFENSE DIRECTOR

William J. Young

SELECTMEN'S LETTER

Your Board of Selectmen takes pleasure in submitting the Annual Report of the Town of Newington for the year 1966.

This year the town took what we feel was a giant step forward by installing 4,500 feet of 12-inch cast iron, cement-lined pipe along Fox Point Road, across Route 16 and up Old Dover Road to the intersection of Patterson's Lane, and another 2,000 feet of 8-inch main, along with the necessary hydrants. We feel that this project is of great benefit to those residents living along the water line because of the added fire protection and reduced insurance rates that they will enjoy.

It is our opinion that the water line, coupled with the Federal Government's multi-million dollar dredging project will be a forerunner of a new era of prosperity along our industrial district. Under our new zoning ordinance we should all benefit from a healthy, diversified, industrial growth, new job opportunities and a probable increase in our tax base.

The new asphalt boat ramp at Patterson's Lane was utilized enthusiastically by a number of residents this year and the new landscaped area there has brought many favorable comments. The program for the elimination of junk automobiles from the town has progressed satisfactorily, but continued cooperation by all residents will be needed to completely eliminate this unsightly problem.

You will note in the budget that we are again requesting money for the restoration of the horse sheds. The sheds were not restored last year because we were unable to obtain the necessary releases in time to accomplish the work before cold weather. Five Hundred Dollars additional is included in the budget to cover the cost of wooden

shingles for the roof, which will more nearly conform to the construction of the era.

Respectfully submitted,

PAUL KENT, *Chairman*

PAUL L. deROCHEMONT

SIDNEY H. FRINK

PLANNING BOARD REPORT

After two years' work on the Long Range Planning Program and after the two public hearings required by law, your Planning Board was able to submit a satisfactory, revised zoning ordinance to the citizens of Newington. This ordinance was adopted at the Annual Town Meeting held on March 8, 1966.

We are happy to have been part of the planned water project for our town. This project is now underway and will certainly make parts of Newington more desirable for industrial sites.

With the new shopping center opened and more stores to become part of it in the future, we can see an appreciable growth in our town. Since it is controlled growth, it will benefit the town and will add to rather than detract from our already excellent educational and town facilities.

The task at hand for the Planning Board is to revise the Town Building Code. A great deal of time and effort will be put forth by each and every member in order to make revisions which will benefit the majority of the townspeople.

Recommendations have been made by the Board to improve the town pit, (the former Flynn Property), with a possible view for future development of a recreational area.

The Planning Board meets the first Thursday of every month. All our meetings are open to the public and we cordially invite you to attend. We are grateful for your suggestions in helping us plan the future of Newington.

Respectfully submitted,
LAWRENCE A. VOLZ
Secretary
Newington Planning Board

ACTION TAKEN ON ARTICLES IN 1966 TOWN WARRANT

Article 1. (Election of Town Officials).

Article 2. Adopted Zoning Ordinance proposed by Planning Board and repealed existing ordinances or parts thereof inconsistent with provisions of said new ordinance.

Article 3. Voted to authorize Planning Board to approve or disapprove, in its discretion, plats showing streets or the widening thereof, or parks, and direct the Town Clerk to file a certificate with Register of Deeds showing that the Planning Board had been so authorized; and further to empower the Planning Board to review, and to approve or disapprove site plans for development of tracts for non-residential uses whether or not such development includes a subdivision or resubdivision of site.

Article 4. Voted to leave care and maintenance of town land and buildings to discretion of selectmen.

Article 5. Voted to authorize selectmen to administer or dispose of any real estate acquired by town through tax collector's deeds.

Article 6. Voted to authorize selectmen to hire money on credit of town in anticipation of taxes, rate not to exceed current bank rate.

Article 7. Voted to authorize selectmen to appoint Conservation Commission.

Article 8. Voted to authorize Selectmen to acquire for town parcel of land in South Newington for development of future civic center site and parcel of land in North Newington to eliminate undesirable, nonconforming gravel pit.

Article 9. Voted to authorize expenditure of Capital Reserve Fund of \$1,389.00 plus any accumulated interest, for further development of town land.

Article 10. Voted to authorize selectmen to hire \$30,000 on credit of town at a rate not to exceed current bank rate to be used for water engineering survey and water line extension.

Article 11. Heard Budget Committee report and adopted budget as submitted.

Article 12. Heard Town Clerk's report on election of town officers and referendum question concerning proposed town zoning ordinance.

At this point motion made and seconded that the town meeting do authorize the sum of \$216,637.15 to be expended for town, school district and county tax expenses. Accepted by aye and nay vote.

Article 13. Meeting adjourned at 9:10 p.m.

WARRANT SPECIAL TOWN MEETING AUGUST 15, 1966

(As Authorized by The Decree of the Superior Court)
To the Inhabitants of the Town of Newington, in the County of Rockingham and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Civic Center in said Town, on the 15th day of August, 1966, at 7:30 p.m. to act upon the following subjects:

- (1) To appropriate \$2,500 to cover any further expenses in regard to snow removal that may occur within the existing year.
- (2) To adopt a Building Code for the Town of Newington.

Given under our hands and seal at said Newington this
27th day of July, 1966.

s/ PAUL KENT

s/ PAUL L. deROCHEMONT *Board of Selectmen*

s/ SYDNEY H. FRINK

RESULTS OF SPECIAL TOWN MEETING

AUGUST 15, 1966

Article 1. Accepted as read by aye and nay vote as
per warrant.

Article 2. Accepted as read by aye and nay vote.
(Amendment to motion on Article 2 to
change Section 2 of the building regulations
for the town of Newington to read "more
than \$200 was lost by aye and nay vote.)

Meeting adjourned at 8:15 p.m. by aye and nay vote.

HIGHWAY DEPARTMENT REPORT

The Highway Department and Water Department would like to thank the people of Newington for their patience in putting up with the rough and unsightly road conditions while we are in the process of laying the water line. When the work is finished we know that you will enjoy the fact that there will be a water hydrant not too far away for your fire protection.

The regular highway work will continue as it has in the past years, keeping you, the home owner and taxpayer, always in mind.

Please find below breakdown of highway expense for the year 1966.

Respectfully submitted,
DONALD E. BEALS,
Highway Agent

LANGDON LIBRARY REPORT

MONDAY — WEDNESDAY — SATURDAY

2-5 P.M.

SOUTH NEWINGTON

WEDNESDAY — SATURDAY

2-5 P.M.:

Magazine subscription list: Alfred Hitchcock's Mystery Magazine, American Heritage, Analog, Better Homes, Boy's Life, Boating, Consumers Report, Family Circle, Farm Journal, Field and Stream, Golden Magazine for Children, Good Housekeeping, Handyman, Harper's, Historical New Hampshire, Ladies Home Journal, Life, Look, McCalls, National Geographic, P. T. A., Popular Mechanics, Reader's Digest, Redbook, Seventeen, Saturday Evening Post, Profiles, Time, Woman's Day, Yankee and Young Miss. (Certain out-of-date magazines may be had for the asking.)

We have one weekly newspaper, National Observer.

The "Phonograph Collection" has been increased to a total of one hundred and five long playing records, including fifteen suitable for the pre-school group. The others are representative of all types ranging from classical to pop. A special "Thank You" to John Frink and Dwight Hale for their gift recordings. Records are loaned on the same basis as books.

Three hundred and forty-one books have been accessioned this year, divided as follows:

Adult non-fiction	107
Adult fiction	79
Juvenile non-fiction	78
Juvenile fiction	77

Requests for books of individual interest, sent directly to the state library, total eighty-four, plus approximately one thousand borrowed from the bookmobile.

We have received as gifts fifty-one useful books and would like to thank: Pamela Bernard, Maisee Burpee, Mrs. R. Childs, Mr. and Mrs. Richard Cotter, Janet Duggan,

Philip Grant, Alice Haubrick, Frances Heavner, Anne Hislop, Margaret Pickering, Winnie Ripley, the "Spies Children", Florence Watson and Lorna Watson.

The circulation of books and other material has been good over the past year and we hope to do as well, perhaps better, this year.

Mrs. Florence Watson served many years on the Board of Trustees, always doing an excellent job and keeping the best interests of the library uppermost in her mind. We are sorry other duties necessitated her resignation.

Thanks again to Warren Witham for keeping the urn flowering prettily all summer.

Respectfully submitted,
MARJORIE PICKERING,
Librarian

George Newick
Frances Heavner
Margaret Pickering

Trustees

THE OLD PARSONAGE - 1699

The Old Parsonage, owned by the Town and leased by the Newington Historical Society, was open to the public on May 30th from 10:00 a.m. until 4:00 p.m. It was a friendly meeting place for town visitors and townspeople to renew the ties associated with Memorial Day.

As is usual, the Old House was open on Sunday afternoons in July and August from 2:00 to 4:00 p.m.

Respectfully submitted,
FLORENCE C. WATSON,
President

Newington Historical Society

POLICE DEPARTMENT REPORT

JOSEPH C. NAVELSKI

Police Chief

SPECIAL OFFICERS

Walter Lent, Jr.

Leonard Thomas

Melville Beals

Roland T. Roy

Gerard O'Leary

Harold Consentine

The opening of the Fields Shopping Center and the work on the water line extension have greatly increased the duties of the department and the hours that must necessarily be put in to properly cover the increased load. Night patrolling has also been stepped up due to the alarming number of breaking and entering in local communities. We'd like to caution all residents against keeping large sums of money and valuables in the house, to keep your homes locked when no one is in residence and to notify your police chief if you are leaving your house empty for a long period of time.

Below is a breakdown of police activities and expenses for the year. Thanks to all for the fine cooperation given the department.

Complaints received	84
Calls received	926
Outgoing calls	516
Anonymous calls	15
Lights reported out	66
Malicious property damage	3
Accidents	30
Warnings	25
Arrests	1
Shoplifting	4
Breaking and Entering	7
Traffic Control at Fires	3
Doors found open	4
Windows found open	3

TOWN WARRANT

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newington in the County of Rockingham and said State qualified to vote in town affairs:

You are hereby notified to meet at the Newington Civic Center in said Town on Tuesday, the Fourteenth Day of March next at Ten O'Clock A.M. to act upon Article 1.

The polls will open at Ten O'Clock A.M. and unless extended by vote at the meeting will close at Six O'Clock P.M. The Town Meeting will resume at 7:30 P.M. to act on ensuing Articles.

1. To choose in the manner provided by law: 1 Selectman for a term of 3 years; 3 members of the Budget Committee for terms of 3 years; 1 Trustee of Trust Funds for a term of 3 years; 1 Library Trustee to hold office for 3 years; A Town Clerk; Collector of Taxes; Town Treasurer; Highway Agent; Overseer of the Poor; Supt. of Water Works; Chief of Police; Measurers of Wood; Surveyors of Lumber, Fence Viewers, Pound Keeper, Building Inspector and all other necessary town officials for the ensuing year.

2. To see if the Town will vote to leave the care and maintenance of town lands and buildings to the discretion of the Selectmen.

3. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired or to be acquired by the Town through Tax Collector's deeds.

4. To see if the Town will vote to authorize the Selectmen to hire money on the credit of the Town in anticipation of taxes at a rate not to exceed the current bank rate.

5. To see if the Town will vote to authorize the Select-

NEWINGTON TOWN REPORT

men to hire \$180,000, at a rate not to exceed the current bank rate, for the purpose of extending the water line; said amount to be borrowed as needed, with principal to be repaid over a period of six years, each yearly payment not to exceed \$30,000 on principal. Aforementioned procedure authorized under Chapter 33, Revised Statutes Annotated of New Hampshire.

6. To see if the Town will appropriate the sum of \$6,000 for improvements to, or relocation of the skating rink and the establishment of a swimming and recreation area as outlined and recommended by a survey conducted by the Division of Community Recreation of the Dept. of Resources and Economic Development.

7. To see if the Town will vote to appropriate a sum of \$500 to be set aside as a contingency fund to meet unanticipated expenses of the town, in accordance with the authority of New Hampshire Laws, 1965:123.

8. To see if the Town will vote to appropriate the sum of \$500 to be used as a start towards obtaining copies of a geneology text known as "Newington Families", the only known copies of which are now in the possession of the New Hampshire Historical Society.

9. To see if the Town will vote to appropriate the sum of \$1,000 for the purpose of a Fourth of July Fireworks Display. (Submitted without recommendation of Budget Committee).

10. To see if the Town will vote to abolish the elective office of Superintendent of Water Works, the care of the small water system and pump to be left to the discretion of the Selectmen.

11. To see if the Town will vote to authorize the Selectmen to reimburse the Building Inspector for mileage expense incurred during the performance of his duties.

NEWINGTON TOWN REPORT

12. (By petition of ten voters; item tabled by budget committee). To see if the Town will vote to appropriate \$500 or more for the purpose of assigning numbers to all homes, both year round and seasonal, also all house lots having frontage on both accepted and access roads, and all subdivisions, also all industrial and business establishments.

13. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town expenditures in the year ensuing as included in the Budget.

14. To hear the report of the Town Clerk on the election of Town Officers.

15. To transact such other business as may legally come before the meeting.

Given under our hands and seal this 20th Day of February, in the Year of Our Lord One Thousand Nine Hundred and Sixty-Seven.

BUILDING INSPECTOR'S REPORT

This is your building inspector's report for the year ending December 31, 1966. It has indeed been a year of great progress, and as predicted last year, it has been a banner one for the Town of Newington. In April a building permit was issued for the construction of a shopping center which would include stores for J. M. Fields and Food Fair, also a T. B. A. building. After a period of six months' intensive work, during which all phases of construction were brought to completion and a pre-opening meeting had been held at the Sheraton-Meadowbrook Motor Inn (which was well attended), this shopping center was opened on October 16, 1966. It has been greatly appreciated by every one and as we understand it, this is the best store set up yet by J. M. Fields, Inc., for which we say thanks and extend our appreciation to the Frank Properties, Inc., owners and Frank Construction Corporation, builders. The T. B. A. building is still under construction and will be opened at a later date. Frank Properties, Inc., has been issued a permit for the construction of a McDonald Restaurant building at the entrance to the shopping center off Gosling Road and work should start in the near future.

Two permits for new homes were issued during the past year, one, a ranch type, was built on the subdivision off Coleman Drive and is nearing completion; the other is being built on the shore of Little Bay, entrance via the right of way from Little Bay Road, should be ready for occupancy early in the spring. The Great Bay Marina has attached a large building to their Marina Office and Sales building and has built a pole type storage building. Simplex Wire & Cable Company has added a new warehouse. A new three-bay Colonial type service station is soon to be built for the Atlantic Richfield Company at the corner of Routes Four and Sixteen and Gosling Road — location is on land of the Tri-State Shopping Center, Inc. Various signs have been erected and alterations and additions made to numerous

buildings. A shed-type stable has been built. Also, a barn has been moved at the Great Bay School, added on to the main building with a new foundation and alterations and changes made; this has been quite a project.

Appreciation has been given again this year to your building inspector, both by letter and orally, for services rendered and I am very grateful for this. I wish at this time to thank everyone for their cooperation in complying with our zoning, subdivision and building regulations.

During the year 1966 thirty-six building permits were issued for a total valuation of \$939,710.00 and following is an itemized listing of all permits.

Respectfully submitted,
MAURICE E. ROBINSON,
Building Inspector

ANNUAL REPORT OF THE NEWINGTON VOLUNTEER FIRE DEPARTMENT

It is the duty of the fire chief to make an annual report to you, the residents of the Town of Newington; therefore, I am taking this opportunity to bring you up-to-date on the status of the Newington Volunteer Fire Department.

In my opinion, the most important factor in a fire department is its personnel; I am fully convinced that we have one of the most outstanding groups of volunteer firefighters here in Newington than any other town or city in the state has. This dedicated group has exemplified the true concepts of volunteer firemen during the past year through their attendance at the various meetings and drills and their outstanding participation and attendance at the two training courses that were presented by the State of New Hampshire through the sponsorship of the local department. There is no doubt that these men have received a great deal of information from these courses and it is proven by their reaction when confronted with an emergency. We had one of the largest fires in many a year during 1966, and our men did an outstanding job — with the assistance of our neighboring communities, it is true — but our men were the first to arrive during the vital minutes of this fire and upon their shoulders rested the responsibility of saving the remaining buildings at the Beane Farm, a job they did, and did well.

In regard to the training courses mentioned above, the first course, given in the spring, was an 18-hour course dealing with training in general firemanship practices — that is, laying hose lines, operating pumpers and general review of previous subject matters we had had in the past. The second course, also an 18-hour course, dealt with first aid and rescue practice. Some of the training included transporting people on stretchers, proper handling and care of injured persons, use of ladders in relation to firefighting, and rescue work; an extensive program involving self-contained breathing masks; rescue of people from burning buildings;

boat rescue work, including dragging operations and also rescue of a person marooned on a cliff and practice in carrying an injured person over difficult terrain. I know that all participants in these courses benefited highly from them, as did some of the townspeople who observed our operations during the classes.

During the past year we have had to make radical changes in our fire alarm system in order to properly monitor the various alarm systems in buildings in the town. Our system has been completely modified so that it may receive any number of alarms that are tied into it; that is, if in the future we have requests from a new business or manufacturer to connect with our system, there will be no problem whatsoever. Under the old alarm system we had reached a saturation point and there just wasn't any way to take care of any more buildings than were already tied in. The major change that you will notice is that the horn will be blowing various coded signals and these signals will be automatically recorded on a ticker tape in the fire chief's office to show the men responding exactly where the alarm came from.

In 1966 we had thirteen emergencies from the most minute to a major fire; the type of alarms responded to were quite diversified and included grass and woods fires of a minor type, automobile fires and washing down flammable liquids after highway accidents; a test lab fire at a tank farm; a mutual aid call to the City of Portsmouth involving a tank truck loaded with flammable liquids, at which our men showed true neighborly spirit and fire department efficiency in assisting the Portsmouth Fire Department extinguish this fire with foam.

As we look around we see that our town is growing as a suburban area with more homes being built and more particularly we see our commercial and industrial areas expanding, with the addition of the shopping centers and also our tank farms expanding, slowly but surely. This causes us to stop and survey our fire department needs and therefore,

after much serious consideration, I recommended to the Board of Fire Engineers that we study the feasibility of acquiring a new fire truck. After due deliberation by the board, however, it was decided to go along this year as we are. But this is something that we must keep in mind — that in the immediate future we must consider adding another first line piece of apparatus to our equipment.

I am glad that again this year I can compliment the residents of the town for their fine fire record which they maintained through proper fire prevention practices. I'd like to take this opportunity to express the appreciation of the entire fire department to all those residents who participated in Operation EDITH last October. EDITH, as you all know, means "evacuation drill in the home." We urge that you all continue these drills because the life you save by being able to get out of your home quickly during an emergency may be your own.

I repeat that our firemen do an outstanding job and are to be commended and I am proud indeed to be chief of such a fine department. I am well aware of the fact that what makes it such a fine department is the wholehearted cooperation of the people of the town and the dedicated services of the volunteer firefighters of this community.

WILLIAM J. YOUNG,

Fire Chief

Respectfully submitted,

FIRE RECORD

REPORT OF THE FOREST FIRE WARDEN & DISTRICT CHIEF

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire

incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 a.m. and 5:00 p.m. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk, the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — instruct your children that matches are not play things.

TRULY — ONLY YOU CAN PREVENT FOREST FIRES

Respectfully submitted,
RALPH STEVENS,
District Chief
WILLIAM J. YOUNG,
Fire Warden

REPORT OF CIVIL DEFENSE DIRECTOR

Your Civil Defense organization has maintained its operational status during the past year, taking part in all drills and exercises sponsored by the federal and state CD Agencies. All our necessary government and state forms have been duly processed, submitted to and approved by the proper authorities. These forms are getting to be as much of a project as any physical project we might undertake during the year.

I am pleased to report to you that the Welfare Committee is functioning and is going to have emergency headquarters set up at the Civic Center, so that in the event of an emergency (such as a natural disaster) they will be able to feed and care for a minimum of fifty people for a two week period. This project will be added to as time goes along. In conjunction with this, your Medical Officer is making arrangements to have the necessary medical supplies on hand for which the need might arise during such an emergency.

It is also a pleasure to report that the CD Radef Officer has organized a course in radiological monitoring which is being taken by about twelve persons, and which they will have completed some time in February. We will then have qualified personnel to check for any radioactive materials should there be an accident involving nuclear products.

We must face the fact that today Civil Defense plays a vital factor in our daily lives, not only in the event of an all out war or nuclear invasion, but more important in the event of a natural disaster, such as a hurricane, tornado, heavy snowstorms which could put so much vital equipment out of commission or some other such act of God wherein we must have competent personnel able to carry on and keep the town operating and adequately care for the people of the town and those most important people — the children of the town. Therefore, it is imperative that our Civil Defense

organization continue to operate actively. If you would like to become a part of the organization, just let us know and we'll find a niche for you.

Respectfully submitted,
WILLIAM J. YOUNG
CD Director

DOG OFFICER REPORT

Responded to a total of thirty calls.

Picked up and kept required length of time: 5 dogs.

Buried 1 dog, gave 6 dogs to veterinarian for disposal.

Miscellaneous investigations included killing of chickens by dogs; return of lost dogs to owners; burial of dead cats; answering complaints from residents being annoyed by dogs; took care of dogs involved in accidents; investigated reports of deer being chased by dogs.

Respectfully submitted,
ERNEST R. KADDY
Dog Officer

CEMETERY COMMITTEE REPORT

The Newington Cemetery Committee held the annual 1966 Meeting on Monday, January 30, 1967 at 1:00 p.m. at the home of Florence Watson.

The 1967 budget was discussed item by item and accepted as read. A copy of same was forwarded to the Board of Selectmen.

The map for the Western Division and Western Division Extension, which was prepared by the superintendent of the cemetery was approved and accepted by the Committee. Copies of this map have been placed with the town clerk, the chairman of the cemetery committee and the librarian. The committee is pleased with the map and hopes that Mr. Moulton will continue the plan of mapping the Eastern Division.

All but one of the unidentified perpetual care lots have now been identified.

Respectfully submitted,

DONALD E. BEALS, *Chairman*

FLORENCE C. WATSON, *Sec.*

REPORT OF THE SCHOOL BOARD

1966 - 1967

The Newington School Board feels that this year it has started a program which cannot help but improve the quality of education in the town; not necessarily by either broadening or intensifying the already fine program we had in the past, although some of this also is being experienced. Without going into the details given in the Superintendent's report, the addition of a fourth teacher, implemented by acquiring the services of three excellent teachers to work with our principal, Mr. Schultz, has given the opportunity for specialized teaching. In a manner not possible before, the child who needs special help in any subject has it available. Similarly, the child whose particular talents in any field warrant additional opportunity for advanced work now also has that available. Early in the year it was indicated that larger educational systems had started this sort of advanced teaching improvement. It might appear that Newington could be blazing a trail that other smaller groups could follow. The Board is recommending the continuation of this program in the belief that it will ultimately be to the advantage of all of our children.

There is another project with which we have become involved. This has to do with development of improvements at the secondary school level in the area. To this end, representatives of Portsmouth, Newcastle, Greenland and Rye are conducting joint meetings as a committee to investigate the possibilities of formal contractual agreements. Mr. Young and Mr. Spinney of our board have been auditing these meetings and are unofficial members of certain vital sub-committees. Due to my own personal business commitments I have regrettably been unable to participate, but Mr. Schultz has been active, specifically in the curriculum committee. The Board is recommending that our representatives be given official status at these meetings so that our views

might be considered in whatever ultimate decisions will be made. It should be made quite clear that this in no way commits the school district to anything other than discussions at this time. Any final decision as to written contracts will be the subject of some future district meeting.

To reiterate School Board policy; barring emergencies, all school business is conducted during our regular public meetings. These are held on the third Friday of each month at 7:30 P.M. at the schoolhouse. The Board will welcome anyone with ideas or suggestions as readily as it welcomes anyone with problems.

Respectfully submitted,

JOHN R. MAZEAU. *Chairman*

NEWINGTON SCHOOL DISTRICT REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the school board and citizens of Newington:

Education has become an area where research and the application of new knowledge discovered in other fields results in new techniques, new materials, and new equipment. Change in the teaching profession has become an acceptable word; in fact, it is imperative that our teachers, principal, and superintendent continually update themselves to maintain and improve the educational status of the school in Newington.

One must keep in mind, however, that change for the sake of change alone is an indefensible position. Tradition and experience temper or should temper the adoption of a new method, technique, or tool in such a way that whatever is adopted results in the greater good for the pupil. If it is found that a change will not benefit the student, the change should not be made.

Last September, we instituted a change in our school when we added an additional teacher to the teaching staff. This change was made to give a greater amount of individual attention to the needs of each child. In the past, with each teacher responsible for two grades, the amount of preparation required of each teacher and the time available for each class did result, I feel, in an inability to reach some students. This was particularly true in the first and second grades. Since September, we have grouped some classes together for some subjects, separated other classes to enable us to teach one class at a time, assigned individual students according to their abilities regardless of assigned class, and in particular, we have freed the first grade as a class a good part of the time. We have had to adjust our schedule since the beginning of the year as we have worked with this new

program to iron out various problems that we could not predict when the program was originally planned. The adjustment period is just about completed and, I feel, we are offering a better curriculum than we ever have in the past.

It is to be expected that parents and citizens in general will be confused and not understand just what is happening in the school. May I extend to each and every person an invitation to visit your school to see what our curriculum is and to watch the teaching process as it is being carried out in the school. The change is not as much in subject matter but in how it is being presented. I should like to add that, with our new system, we feel more can be taught relative to the actual subject matter.

TEACHING STAFF

Mr. Thomas Schultz continues as the school principal. This man is responsible in a great measure for the success of our current program which I explained above. In this man, we have a fine teacher, a fine individual, and a credit to the community.

The balance of our teaching staff is new to the school district. Two of the teachers have prior experience and one is beginning her career here in our school. I will list them in their primary teaching assignment with the understanding that each of these teachers and Mr. Schultz work with students from other than what is listed in this report.

Mrs. Ann-Marie Crandall, a graduate of Southern Connecticut State College with a degree in Early Childhood Education, is teaching in Grades 1-2.

Mrs. Naoma E. Thomas, a graduate of Bloomsburg State College located in Bloomsburg, Pennsylvania, who has a year of teaching experience and a degree in Elementary Education, has been assigned to Grades 3-4.

Mrs. Jane A. Gilbert, who has three years of experience

and is a graduate of Mass. State Teachers College located as Lowell, Massachusetts, with a B.S. degree in Elementary Education, has been assigned to Grades 5-6.

BUDGET ANALYSIS

Our proposed budget for the next school year has increased due, in part, to the general rise in the cost of living which does affect costs: paper, books, etc., and there is a sizable increase in tuition costs. Specifically, the items which have had the greatest impact are these:

1. Teachers salaries: To be competitive and to enable us to hold and attract good teachers, the school board has adopted a minimum salary of \$5,000.
2. In the area of textbooks, we are faced with higher prices, the need to keep such books up-to-date, and the the addition of special material now available to the school.
3. Maintenance costs show an increase due to a proposed repainting of two classrooms (one was completed last year) and the school's interior corridor.
4. New equipment: The teachers have asked for additional folding tables for the activity room. The second major item is a piano; we do have two old up-rights at the school, but we have been told that they are almost beyond repair.
5. Tuition costs are up substantially for next year due to higher costs for the school providing this type of education.

This year, instruction in ceramics is being given at the ceramics shop of Mrs. Young. The results have been better since the children can see and participate in all operations connected with this course. This had not been possible in the past due to our limited equipment at the school.

CONCLUSION

Your teachers, the custodian, school transporter, and school nurse deserve my thanks for their professional competence and contribution to the school and children in Newington. In addition, I should like to thank the Parent-Teachers Association, the trustees of the Langdon Free Public Library, the librarian, the town officers and officials, and the citizens of the town for their continued support and help.

Mr. Thomas Schultz has performed his assigned duties in a superior manner which is deserving of special notice and commendation. We are fortunate that this young man is the educational leader of our school.

To you, the school board, once again I should like to say it has been a pleasure to serve with you in the interest of the pupils. Your encouragement, cooperation, and guidance to me and the teachers in the development and operation of our new program is without measure; thank you very much.

Respectfully submitted,
ROBERT L. BRUNELLE
Superintendent of Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, the School Board, and the Citizens of Newington:

It is my privilege to submit the annual report of the school health program.

Number of pupils tested

Vision tests	53
Hearing tests	51
Individual Inspections	201

Height & weight (3 times a year)	180
Home visits & phone calls	15
Preschool registration	8

Possible difficulties noted

Vision	1
Hearing	5 — 6 rechecks
Teeth	8
Speech	1

Seen or treated by doctor

Vision	1
Hearing	1 (mother notified)
Teeth	6
Speech	1 (mother contacted)

Communicable diseases known and reported

German Measles	2
Pinworms	2

The P.T.A. sponsored a dental clinic in connection with the N.H. State Department of Health and four children had had extensive dental care which was badly needed.

It is a pleasure to report that the majority of the pupils have good teeth and receive regular care. This shows that you parents realize the value of keeping your children's teeth in good condition.

I felt very fortunate that the School Board approved my requisition of an audiometer for hearing tests and an eye testing chart. Having this testing equipment available at all times in the school is beneficial for rechecking at parents' and teachers' requests and when new pupils enter the school.

I look forward to my weekly visits to the school and wish to thank our Superintendent, the School Board, principal, teachers and parents for their cooperation and help during my first year as school nurse.

Respectfully submitted,

EDITH E. KNOX, R.N.
